PRESS RELEASE

FOR IMMEDIATE RELEASE

Trident Infosol Achieves AS9100D Certification Globally Recognized Aerospace Standard – A Mark of Quality Excellence

Bangalore, March 12, 2018

Trident Infosol Pvt. Ltd. has reached another milestone with its quality management system now complying with the stringent requirements of globally recognized Aircraft, Space and Defence (AS&D) industry standard AS9100D. The standard takes the requirements of ISO 9001 and supplements them with additional quality system requirements, which are established by the aerospace industry.

As a part of Trident Infosol’s continual commitment to upgrade its processes for design and manufacture of equipment for harsh environment, the quality system has now been validated by LRQA for compliance to AS9100D. It is another indication of our commitment to building the highest quality products for our customers.

Trident Infosol Pvt. Ltd., an AS9100D certified company, is engaged in providing cutting – edge technology in Rugged Electronic Packaging Systems and caters to the Embedded System needs of various industrial segments like R&D, Defense and Military organizations, Aerospace industry among others. Since its inception in 2000, the Bengaluru based company has been designing and developing products for scalability, modularity and seamless integration powered by its in-house engineering and manufacturing capabilities.
