**PRESS RELEASE**

## Trident Infosol launches Rugged Panel PC Rugged Display and Computing Unit.

**Bangalore, India, Wednesday January 24, 2024**

Trident Infosol is excited to unveil the latest upgraded version of Rugged Panel PC. The MaxPANEL range of PanelPC products caters to Military - Defense and Aerospace applications. The PanelPC offers a 15.6" rugged display with an embedded computer suitable for Command & Control applications where space is at a premium such as in Tactical & Combat vehicles, Naval platforms, and mobile shelters.

This PanelPC offers flexible mounting options, the latest Intel Xeon, configurable I/O, and optional built-in features such as user-configurable function keys, Wi-Fi, GPS module, battery backup, and universal AC/DC power supply. These features make it a valuable solution for many mission-critical applications.

The MaxPANEL range of PanelPC features a combat-ready display with a wide variety of options. We are prepared to customize the display to ensure the product meets your specific requirements.

For further information about the Rugged Panel PC and the rest of Trident's products and solutions, please visit our website <https://tridentinfosol.com/ruggedpanelpc.html> or email us using [info@tridentinfosol.com](mailto:info@tridentinfosol.com)
